The attractive appearance of Mrs. Mary E. Hanson's beautiful home on Main street with its blooming flowers, flowering shrubbery, green lawns and neat wire fence, is a credit to that part of the town. Others could, with profit to themselves and the town, follow the example set by Mrs. Hanson in cleaning up their gardens and planting flowers so that the city would present a more attractive appearance.
While boarding an inbound Mission street car Monday evening, Berthold Werder was struck by an outboard car. He retained his hold on the hand rail of the car that he was taking and was dragged about twenty feet over the cobble before the car could stop. His escape from the wheels of the car was only due to his strong hold, for had he let go he would have probably rolled under. As it was he was very severely bruised on the head and on the leg where he was struck.

Town Council Criticized For Amending The Saloon Ordinance.

Street Superintendent's Salary Is Raised—Important Meeting Last Monday Night.

The town meeting Monday night had its record attendance for the year. The opening of the bids for street work drew a large number of outsiders, while the ordinance for extending the liquor license limit drew a crowd of indignant citizens.

The bids for the street work were taken up first, and of the six submitted Clark & Henry of Stockton offered to do the work cheapest, 18 cents per square foot, and so were awarded the contract.

The other bids were as follows:

San Francisco Construction Co., 23 1/2 cents
C. D. Vincents, 21 1/4 cents
Contra Costa Construction Co., 23 cents
City Improvement Co., 19 1/2 cents
Clark & Henry, 18 cents
Barker Asphalt Co., 18 1/2 cents

The price agreed on, 18 cents, will bring the cost of the work considerably below the estimate of the city engineer, so that over \$10,000 will be added to the fund to improve the side streets.

The matter of the new liquor ordinance then came up. Lusher moved its passage, and was seconded by Foley. Walker asked to have the ordinance read. He then asked what was the cause of its introduction. Lusher explained that it was to enable certain parties to secure licenses who wished to engage in the saloon business soon.

Walker then asked if Lusher intended to apply for a license under the ordinance, saying that if he did, his vote could not be taken on the ordinance. As Lusher had not as yet applied for a license, the objection to his vote could not be taken. The vote was called for, but H. G. Watrous demanded recognition and was allowed to speak. Mr. Watrous said that he protested in the name of every citizen of Redwood City to having the ordinance passed. He pointed out that the trustees were elected to serve the people, and not to act for their own private interests.

Mr. Thorpe next addressed the Board and in a very clear and forcible manner outlined the liquor situation as it exists in Redwood City. He showed the compromise that had been arrived at last year when it was agreed to allow one more saloon to open. He then narrowed his remarks to the trustees who intended to vote for the question. On the denial of one of the Trustees that he intended to open a saloon, Mr. Thorpe, in closing, said: "It is your intention to have a saloon in your building. If you get it in someone else's name, it will be because you have not the courage to ask for it yourself."

The vote resulted in three ayes and two noes, Lusher, Foley and Hovey voting for and Walker and Littlejohn against the ordinance.

Health Officer Barrett called attention to the unsanitary condition of the sewer connection of the sewer connections of the Lipp building, but as Street Superintendent Dickey had already been instructed regarding the matter the communication was passed over.

Attention was called to the fact that Mr. Dickey was acting as pipe inspector at a great saving to the town, and a motion was made to raise his salary temporarily to \$90 per month. The motion was passed unanimously.

A LARGE CONTRACT.

John MacBain Will Build a \$100,000 Structure for C. N. Felton.

Supervisor John MacBain was awarded a large contract in San Francisco this week by ex-Senator Charles N. Felton. The contract calls for a four-story theatre building on the corner of Market near Seventh streets, with all modern improvements. The front portion of the building will be for stores and offices, and the rear part will be taken up by the theatre and will contain the whole four stories. It will have a seating capacity of 1600 people. It is to be one of the prettiest playhouses in San Francisco, fireproof, with numerous exits and strictly in conformance with the ordinance recently passed by the San Francisco Board of Supervisors compelling theatre owners to use every precaution in protecting their patrons from fire. The structure when completed will cost \$100,000. MacBain is preparing to begin work on the building about the middle of the month. The work of demolishing the old structure on the theatre site will be commenced at once.

Death of John Flynn.

John Flynn, a resident of this city for the past thirty years, died at St. Luke's Hospital, San Francisco, last Saturday. For over a year he had been troubled with a cancer, and underwent several operations and finally succumbed to the malady. For many years the deceased had been employed at the Selby place, near Fair Oaks. He was the eldest of four brothers that settled in Redwood City in early days, and the third to pass away, the surviving one being William Flynn of this city. Mr. Flynn was a native of Ireland, aged 75 years. The interment took place in Holy Cross Cemetery, Menlo Park, last Monday.

SUPERIOR COURT.

Proceedings Had in Probate and Civil Matters the Past Week.

Official Business Transacted by the Supervisors at Last Meeting.

Mayfield Board of Trade Urges Board to Open Bridge Over San Francisco Creek.

The Board of Supervisors met in regular session Monday. All members were present. The joint quarterly report of the Auditor and Treasurer showing the financial condition of the county was ordered published.

A communication was read from the Mayfield Board of Trade urging the Board to take immediate action in reference to opening the bridge over the San Francisco Creek near the residence of J. Henry Meyer. MacBain explained that there was no funds available to repair the bridge in question. However, Supervisor Mitchell of Santa Clara County would have figures submitted to them. He did not think it would cost more than \$300 or \$400 to make the necessary repairs. On motion of Debenedetti seconded by McCracken the communication was referred to Supervisor MacBain.

The following invitation from the Supervisors of San Diego County was ordered filed:

To the Board of Supervisors of San Mateo County, California—Gentlemen: The Board of Supervisors of San Diego County, obedient to the resolution of adjournment of the State Convention of Supervisors held in 1904, has fixed Tuesday, May 9th, 1905, as the time, and the Court House at the city of San Diego as the place, for the holding of the next State Convention of Supervisors.

And the said Board, voicing their individual sentiments as well as the wishes of the citizens of San Diego County, hereby extends to your Board of Supervisors as a body and to the individual members thereof, to your County Clerk, Sheriff, County Physician and Superintendent of County Hospital, a hearty invitation to attend the said State Convention and to accept of San Diego's hospitality.

The Convention will cover a period of three days, and a varied and interesting program will be arranged for your education and entertainment, which will include papers and discussion upon questions of importance to County Supervisors, and numerous trips and sight-seeing of San Diego's famed attractions, and other special methods of enjoyment will be provided.

Reduced rates on railroads and steamships from all parts of the State to San Diego will be had.

The program and more specific information will be sent you later.

Trusting that each member of your Board and officer above named will reserve for us the date and give us the privilege of his Company on this occasion, I have the honor to remain,

WM. JUSTICE,
Chairman Board of Supervisors San Diego County.

The petition of Chappel and others, residents of the Third Township, asked for the removal of certain obstructions on the westerly extension of Altherton avenue, was further continued for one month.

The affidavit of D. E. O'Keefe showing that ordinance No. 196 granting a franchise to the San Mateo Power Company and has been legally published was read and ordered filed.

Chairman Coleman announced that the Company's bond of \$1,000 had been approved by him.

Considerable discussion arose over the passage of the claims of the American-Hawaiian Construction Company for work done on the new courthouse. MacBain vigorously states that he would not approve of any further claims of the contractors until the matter of furring the walls was settled and the condition of the first floor improved.

It appears that in one part of the specifications it is stated that the walls must be furred and lathed, while in another part the statement appears there is to be no furring and lathing.

Architect Dodge says it was his understanding all along that the walls were to be furred and lathed, and accounts for the opposing statements in the specifications on the score of an error in typewriting them.

Contractor Amwig said he did not include this work in his estimate, but to be fair he would stand half the cost if someone else would pay the other half. He believed all along that the plaster was to be put upon the brick surface, and intimated that he would be compelled to insist upon this stand unless he were allowed extra pay.

MacBain insisted that the matter be settled before he would sign any more claims. He was clearly of the opinion that the walls should be furred. If the architect was in error, then he should make good the difference. Amwig suggested that the matter be settled by arbitration. Debenedetti said that in view of the fact that the claims were for work done independent of the furring, he did not see any objection to the passage of the bills.

The extra cost is about \$2000, and Mr. Amwig says he will look to the Board if compelled to do the work. On the other hand the Board will look to the architect to reimburse the county.

Chairman Coleman held that if the contractor was not in error, then the architect should be responsible. The claims were finally allowed, MacBain voting no.

The matter of furring the walls went over until the next meeting of the Board.

The term of J. H. G. Plymire as Health Officer having expired, he petitioned the Board to be reappointed. Eikenkotter moved that the Board proceed to elect a Health Officer. The

motion was seconded by MacBain. There being no other applicant, J. H. Plymire was elected unanimously.

Architect Dodge recommended that R. I. W. point be used on the walls instead of furring. He introduced the San Francisco agent, A. Willkomm, who in a long address extolled the superior qualities of his material.

The following reports of county officers were presented and filed:

The following communication was received from the Mayfield Board of Trade:

To the Honorable Board of Supervisors, San Mateo County, Cal.—Gentlemen: The Mayfield Board of Trade respectfully ask your consideration in making the Stanford bridge over San Francisco creek safe for the traveling public. We have taken the matter up with the Supervisors of Santa Clara county and trust we can count on your approbation. As the bridge now stands it is working a hardship on the public; and as we are bending every energy towards building up the central county, we feel that all roads and bridges should be in as good condition as possible to show the prospective settler that he is in close touch with the surrounding towns and country. Trusting this will meet with your views and that something will be done to make the bridge passable. I remain, yours

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Mayfield Board of Trade Urges Board to Open Bridge Over San Francisco Creek.

The Board of Supervisors met in regular session Monday. All members were present. The joint quarterly report of the Auditor and Treasurer showing the financial condition of the county was ordered published.

A communication was read from the Mayfield Board of Trade urging the Board to take immediate action in reference to opening the bridge over the San Francisco Creek near the residence of J. Henry Meyer. MacBain explained that there was no funds available to repair the bridge in question. However, Supervisor Mitchell of Santa Clara County would have figures submitted to them. He did not think it would cost more than \$300 or \$400 to make the necessary repairs. On motion of Debenedetti seconded by McCracken the communication was referred to Supervisor MacBain.

The following invitation from the Supervisors of San Diego County was ordered filed:

To the Board of Supervisors of San Mateo County, California—Gentlemen: The Board of Supervisors of San Diego County, obedient to the resolution of adjournment of the State Convention of Supervisors held in 1904, has fixed Tuesday, May 9th, 1905, as the time, and the Court House at the city of San Diego as the place, for the holding of the next State Convention of Supervisors.

And the said Board, voicing their individual sentiments as well as the wishes of the citizens of San Diego County, hereby extends to your Board of Supervisors as a body and to the individual members thereof, to your County Clerk, Sheriff, County Physician and Superintendent of County Hospital, a hearty invitation to attend the said State Convention and to accept of San Diego's hospitality.

The Convention will cover a period of three days, and a varied and interesting program will be arranged for your education and entertainment, which will include papers and discussion upon questions of importance to County Supervisors, and numerous trips and sight-seeing of San Diego's famed attractions, and other special methods of enjoyment will be provided.

Reduced rates on railroads and steamships from all parts of the State to San Diego will be had.

The program and more specific information will be sent you later.

Trusting that each member of your Board and officer above named will reserve for us the date and give us the privilege of his Company on this occasion, I have the honor to remain,

WM. JUSTICE,
Chairman Board of Supervisors San Diego County.

The petition of Chappel and others, residents of the Third Township, asked for the removal of certain obstructions on the westerly extension of Altherton avenue, was further continued for one month.

The affidavit of D. E. O'Keefe showing that ordinance No. 196 granting a franchise to the San Mateo Power Company and has been legally published was read and ordered filed.

Chairman Coleman announced that the Company's bond of \$1,000 had been approved by him.

Considerable discussion arose over the passage of the claims of the American-Hawaiian Construction Company for work done on the new courthouse. MacBain vigorously states that he would not approve of any further claims of the contractors until the matter of furring the walls was settled and the condition of the first floor improved.

Speechless.
Two workmen were engaged in dig-
ging a well when suddenly a portion of
the earth gave away, falling on and
knocking down one of the men. His
companion called to him and listened
anxiously for a reply.

"Pat, speak, man!" cried Mike again
from above. "Are ye dead?"

"No, Mike," came the answer, with a
groan. "I'm not dead, but I'm speech-
less."

Without more ado Mike set off for
help as fast as his legs could carry
him. Thumping loudly on the door of
Pat's kinfolk, he summoned help, ex-
plaining that Pat had been knocked
"speechless" and was buried by the
earth in the well.

"Who told ye so?" was the unexpect-
ed matter of fact inquiry.

"He told me himself," retorted Mike,
indignant at his word being doubted,
"and, begorra, woman, if ye don't be-
lieve me come and ask him, and he'll
tell ye the truth I'm speaking!"—

tered French coach stallion Darnetal II, No.
280; his dam a full-blooded Cleveland bay
mare. He is 5 years old this spring, stands
16 hands and 3 inches high and weighs 1650
pounds. He is a handsome make, a crown,
high-headed, and a high stepper with fine knee
action.

Darnetal II, the sire of Darnetal III, is a
magnificent specimen of the French coach
horse (don't say Arabian). He is a blood bay
stands 17 hands high and weighs 1800 pounds.
Bred by Renault, Colomb, France. Sired
by the great French government stallion
Darnetal, No. 12,881, by Ulque (French govern-
ment national stud).

His record of fifteen first prizes in the show
ring, beating the best horses in France, Canada
and California, show him to be the greatest
horse of this breed ever crossed the Atlan-
tic. He is full blood and registered in both
France and America.

**THE GREAT
FAMILY
MEDICINE**

Thedford's Black-Draught comes
nearer regulating the entire system
and keeping the body in health than
any other medicine made. It is
always ready in any emergency to
treat ailments that are frequent in
any family, such as indigestion,
biliousness, colds, diarrhoea, and
stomach ouches.

Thedford's Black-Draught is the
standard, never-failing remedy for
stomach, bowel, liver and kidney
troubles. It is a cure for the domes-
tic ills which so frequently summon
the doctor. It is as good for children
as it is for grown persons. A dose of
this medicine every day will soon
cure the most obstinate case of dys-
pepsia or constipation, and when
taken as directed brings quick relief.

family doctor for five years and we want
no other. When any of us feel badly we
take a dose and are all right in twelve

doctor bills, but get along just as well
with Black-Draught. **IRA H. BADER.**
